

Heads Up

What a thrilling week it's been this week at Clapham Terrace, our Year 6 travelled to Tamworth to enjoy a day at Drayton Manor Theme Park. It was brilliant to see so many happy faces and even though there was a soaking from a downpour instead of the log flume, the children made the most of it and it was wonderful to be able to enjoy so many different ride options!

In staff news we would like to start by congratulating our Miss Alder on achieving her Designated Safeguarding Officer Status Qualification within our school. Miss Alder will now join the Designated Safeguarding Team. We also wish to extend our congratulations to our Miss Sutton who is expecting her first child in December.

Our Science Fair winners took part in a science day at Champion School on Wednesday conducting their own experiments in the school science labs.

It was wonderful to welcome children who will be new to Clapham starting in Reception in September at our stay and play session this week.

Please take a look at our school X page <https://twitter.com/ClaphamTerrace1> for all this week's photographs and videos. We've been busy understanding properties of 3D Shapes, creating mixed media art, enjoying school trips and visits, investigating life cycles and refining our compass skills.

This time of year is abuzz with the KS2 production rehearsals underway by the sounds of things it's leaving us wanting more! Please look out for communication sent home regarding the upcoming evening performances for Key Stage 2.

Next week we look forward to bake off for Years 1 and 2, visiting Leasowe Woods for our Year 5 children, the Area Athletics Finals for our selected children and the Early Years Sports morning -all EYFS parents/carers are invited to join us. There are also two exciting events from our HSA, on Friday it's Pjama Day! please can children bring in a sweet filled jar or luxury item in exchange for wearing their PJ's all day, followed by Alternative Parents Evening for our parents/carers in the evening. Please keep an eye out for all our communication sent on Teachers2Parents.

Finally, we wish you all a wonderful and sunny weekend.

REMINDERS AND INFORMATION

SESAME AND NUT FREE SCHOOL

Please can we remind everyone that we have a number of children with severe allergies and that **we are a sesame and nut free school.**

Please be conscious of what you are including in your child's lunch box. Any items which contain nuts or sesame, including sushi, will have be confiscated and your child will not be allowed to eat them.

Thank you for your support with this.

MEDICATION

We are only able to administer prescribed medication to children during the school day.

If your child has been prescribed medication it must come through the office and a form must be completed -the office will be happy to help.

PARKING ON DAVIDSON AVENUE AND STYLES CLOSE

We have sadly again received a complaint from our neighbours regarding parking from parents using these streets at pick up times. Please can we ask you to park and drive considerably during busy times so that everyone remains safe and we work alongside our local residents to ensure this is the case. Thank you.

Mrs McArthur is Retiring

After over 30 years of working at Clapham Terrace Mrs McArthur will be retiring at the end of this term.

We know that Mrs McArthur is an extremely popular and much loved member of staff who has worked, not only with your current children, but with older siblings, family members and even some of our current parents. She has supported so many families and will be incredibly missed within the school.

If you would like to make a donation to a collection for Jane's retirement we will be taking cash donations at the office. These will be most gratefully received up until Friday 28th June.

We will of course keep you updated on what we purchase for Jane once the collection is closed.

Thank you for your support which is, as always, much appreciated.

The children are having a purple themed picnic style lunch on **Thursday 16th July** at school to celebrate Mrs McArthur's Retirement. Children are welcome to wear purple or a purple accessory of their choice. Please see the menu below. **We need to pre-order this menu with our catering team.** Please look out for the email sent out on Teachers2Parents if you wish to select this option for your child. This includes children in Early Years and KS1 who receive universal free school meals you will need to select this option for that day. There is no jacket potato option on this day. Children are of course welcome to bring in their own packed lunches on this day too.

Mrs McArthur's Retirement Picnic

National Restart a Heart 2024

Restart a Heart Day is an annual training event that occurs on or around the 16th October. This event usually sees the collaborative effort of hundreds of clinicians, teachers and volunteers working together to train members of the public how to perform CardioPulmonary Resuscitation (CPR). This is sometimes referred to as Basic Life Support (BLS) or performing Chest Compressions.

If you were fortunate to take part in previous years you will know how much fun this can be, and this was recognised by the positive feedback that we received from everyone who took part. The campaign brings communities together, raising awareness of cardiac arrest and increasing the number of people trained in the UK. The importance of early CPR has recently been witnessed since the Danish footballer Christian Eriksen suffered a cardiac arrest during the European Championships.

The project is now in its eleventh year and in 2019 (pre COVID) West Midlands Ambulance Service managed to train over 67,000 children in one day across the region however 2020/21 presented some extraordinary circumstances and as a result we took our efforts online.

Restart a Heart Day 2024 is now rapidly approaching, and we are hoping that although we cannot physically attend as many locations as we would like, we will endeavour to engage with even more people to spread the message that CPR can save lives. We hope that you can share this message with the children, colleagues, family, and friends. Representatives of West Midlands Ambulance will be in the Community providing an invaluable awareness of how important this life saving skill can be.

Here at West Midlands Ambulance Service, we want everyone to learn this life-saving skill so you will know what to do if someone collapses with a sudden cardiac arrest. You can also find information about our "Little Life Savers" campaign. Watch this video and please share the link on social media.

www.wmas.nhs.uk/restart-a-heart-day/

The benefits of improving bystander CardioPulmonary Resuscitation (CPR) rates are evidenced around the world where the highest bystander CPR rates are directly linked to the highest survival rates from sudden cardiac arrest. Over 68,000 people suffer cardiac arrests outside of hospital in the UK every year. If this happens in front of a bystander who starts CPR immediately before the arrival of the ambulance, the patient's chances of survival **doubles**. You can find some additional information by clicking on this link with the UK Resus Council.

[Restart A Heart Day | Resuscitation Council UK](https://www.resuscitationcouncil.org/restart-a-heart-day)

We want to assure you that we are here to support you and would love to hear about your Restart a Heart day, please share your experiences here.
