

CLAPHAM TERRACE COMMUNITY PRIMARY SCHOOL AND NURSERY PE AND SPORT PREMIUM REPORT 2024-2025

- The Headteacher and PE subject leader are committed to ensuring that all pupils will receive 30 mins a day of activity in school as well as at least two hours of high-quality physical education teaching per week, delivered by confident, well-trained teachers. The successful delivery of the curriculum supports all aspects of health education within the school.
- Monitoring lessons ensures that they are planned and delivered to a high standard, guaranteeing both pupils enjoyment and achievement. The school holds many competitive and inclusive house events throughout the year as well as a whole school sports day, which includes traditional and competitive races.
- The firmly established house system is used effectively to develop healthy competition.
- Our sports day included distance races, more competition with field events. The hiring of an external venue has been hugely successful for the last 3 years. This is to be continued, as it enables children to access top quality facilities. We are supported by Kingsley school, loaning their school fields to enable our children to experience a running track and more extensive space.
- We continue to link with local primary schools in the Leamington Consortium. Regular guidance, meetings and updates from the sports partnership School Games, has enabled whole school engagement in competition. It also maintains the broad range of sports that pupils are exposed to. Leamington Brakes Football Club are also helping us to develop competitive events between local, small primary schools. As we enter our MAS with WSF, competitive sports are to be a primary area of focus.
- Inclusive sport has been an ongoing focus at Clapham and this helped us to secure the Inclusion Mark in 2017 and having this re accredited in 2021. Children with a wide range of needs are able to participate in a number of competitive events led by the partnership. This is a hugely successful part of our provision; Clapham children have made it to the county inclusive finals for 3 years running.
- Sports Leaders have been firmly established over the last 6 years. This group of children participate in leadership training and assist in the running and recording of all house events. The Sports Leaders share pupil voice, develop ideas for competitions, report on events and model the School Games values. The MOVE IT initiative introduced in 2021 is led by our sports leaders, this has had a significant impact on all our children, increasing their motivation and confidence around physical activity. We build on this year on year.
- Our Well Being Ambassadors (WBA). This group of Year 5 and 6 pupils are selected by the PE coordinator and Headteacher, based on their leadership potential. They work with our School Games provider run and host external competitions. This programme works directly with parents, who commit to enabling their child's participation in the programme. WBA have been responsible for collecting data from their peers, running a well-being week

and presenting this to the partnership.

- Our excellent range of after school clubs; football, netball, multi-skills, cross country, cricket, Fit2Dance, tag rugby and dance provide all children, across the whole school, the chance to participate. For such a small staff, this is outstanding. The success of many of our children in these competitions has further raised the profile of sport in the school. School has been awarded the Gold School Games Participation Award annually since 2017. Platinum has been awarded since 2023
- The past academic year continued to show an increased number of children from across the key stages participating in a range of sports competitions with other schools.
- 3 teachers have been supported to develop their subject knowledge and confidence to deliver high quality PE lessons through commissioning a PE consultant. for 2 blocks of 6 weeks support
- PE passport has been purchased and supports the teachers to make accurate assessments of the children’s performances and ability
- The swimming programme has been on catch up since COVID, with Year 6 swimming for half a term each year as well as Y3,4 and 5 .

Focus areas this year

- Continue to develop competitive sport for all children sustain our increased engagement and inclusion of children with SEND and PP
- Commission JD, PE consultant to work alongside TMC, or PE apprentice and MH developing confidence to deliver very high-quality PE provision
- Ensure links with local sports clubs are extended (Leamington Brakes Football club, Leamington Cricket Club).
- Further develop our MAT WSF programme of sport opportunities
- Sports Leaders to continue to receive training in MOVE IT, continue to deliver sessions for children across lunch times
- Build on the use of PE passport for AFL.
- Utilise outdoor classroom to its full capacity
